

- The first conference video was posted online this week. Watch the website for three more videos to be launched this month!
- Mark the date! This year's conference will be held on November 8th and 9th .
- We're also going to be launching new online courses in the fall. Watch for topics like Child Abuse and Responsive Curriculum.
- With the loss of PD, we're changing the way we offer workshops to the SPOs. We'll be offering workshops in the evening so that everyone can participate. We're looking for host organizations who will allow us to use their space.
- The School Age e-blast has gone out! Do your programs have a Summer School Age program? Remember that you can always offer to come out and support them. We've had lots of requests for School Age Kits and will be sending them out in early June. We don't have any more, so don't offer School Age kits to any more SPOs.
- The "Storybook package" is going out to programs early in June as well. Bookswap is packaging them and sending one package per location. This means that organizations with more than one program at a location will have to distribute the books to the appropriate program (eg., preschool, infant and OCC). Refer to Susan's email about the books if you have questions.
